MOVA / BUSINESS MODEL CANVAS

ASYV–Ntunga, Rwanda | 90-day adult pilot | Planning assumptions, not validated trading results

Purpose: dependable local pickup, clear communication and lawful pricing — pay the driver after the trip.

Key Partners

- Licensed Ntunga moto cooperative/rank
- Prospective institutional booking desks
- RURA, district and privacy compliance contacts
- Hosting/maps suppliers; payment providers if later integrated

Key Activities

- Verify and train drivers
- Coordinate reliable pickups and supported booking
- Maintain secure app and trip records
- Reconcile completed-ride fees; measure repeat usage

Key Resources

- Existing prototype and accountable student team
- Vetted driver roster and cooperation agreement
- Borrowed phones and secure shared backend
- Working capital and part-time human support

Value Propositions

- Identify the right driver by plate
- Confirm pickup and communicate directly
- Transparent lawful fare; pay after riding
- For drivers: incremental local demand
- For institutions: coordinated bookings and records

Customer Relationships

- Kinyarwanda-first human onboarding
- Saved preferred drivers and clear receipts
- Defined support hours and issue handling
- Weekly cooperative review; no misleading guarantees

Channels

- Mobile web app; low-data experience
- Rank demonstrations and QR/web links
- Authorized institution desk and phone assistance
- Referrals and direct institutional sales

Customer Segments

- First users: adults near ASYV–Ntunga
- Adult staff, visitors and local workers
- Supply: licensed local moto drivers
- Paying buyers: drivers + institutional desks
- No unaccompanied-minor pilot

Cost Structure

- Setup: RWF 880,000
- Monthly pilot fixed/driver support: RWF 500,000
- Variable provision: RWF 20/completed ride
- 90-day ceiling including contingency: RWF 2,844,640
- Funding request rounded to RWF 2,850,000

Revenue Streams

- Proposed 8% fee on completed Mova trips only
- RWF 75,000/month per institutional desk
- No fare deposits or cancelled-trip fees
- No ads/data sales assumed; grants are funding
- Fees depend on permission and willingness to pay

All 9 blocks follow the connected assignment/template. Evidence, quotes needed, formulas and sources are in the companion report/model.

Proposed fees and negotiation require applicable regulatory permission. No partnership with ASYV or any institution is claimed. / 10 November 2026
